### REASONS FOR ALLOWANCE

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance:
  - a. Claim 1 states "one upper corner of the hollow box-like body is **beveled** to form a planar **triangular surface**...a **tubular part** that **extends from the triangular surface and which includes the dispensing opening**" (page 2, lines 9-11).
  - b. Claim 1 states "**a stackable parallelepipedal packaging unit** defined by planar and parallel front and rear walls planar and parallel side walls, and planar and parallel top and bottom walls so that when **stacked vertically** one packaging unit upon another packaging unit the bottom wall of an upper packaging unit rests stably on and is in surface-to-surface contact with the top wall of a lower packaging unit" (page 3, lines 2-7).
  - c. The combination of "a" and "b" above in addition to the structural limitation of claim 1 renders the invention to be allowable. Cornell (US6,206,278) and Fujimoto (US5,551,629) do not anticipate or render obvious the present invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KAREEN RUSH whose telephone number is (571)270-5611. The examiner can normally be reached on Monday-Friday (8:00 am - 5:00 pm).
